## PROJECT OVERVIEW

DOT&PF is developing two projects to reconstruct Knik-Goose Bay (KGB) Road between Centaur Avenue and Settlers Bay Drive. KGB Road has congestion, poor performance, and high collision rates. This effort will expand the corridor to a four-lane, divided roadway with a separated multi-use pathway on the north side that will allow KGB Road to function more efficiently with fewer delays, more capacity, reduced conflicts, and increased safety. Right-of-way will be cleared within the project limits.

## DESIGN UPDATE

This is a high priority project for DOT&PF. Design for Phase 2 (Fairview Loop to Settlers Bay Drive) is anticipated to be completed in early 2027.

## RIGHT-OF-WAY

DOT&PF Right-of-Way staff continue to work closely with property owners. Phase 2 appraisals and acquisitions have begun and staff have started contacting property owners.

## UTILITY COORDINATION

Due to the significant amount of utility relocation required in the corridor, DOT&PF is working closely with representatives from GCI, MTA, MEA, and ENSTAR, on utility relocation designs.
